

STOPPERSOCKEN

REF 945015

Product Description, Intended use, Application

The **size L** grey sock is non-slip thanks to the patterned anti-slip pads on the top and tread of the sock. When worn, the product offers the patient more sure-footedness and traction when walking, so that falls and subsequent injuries can be reduced. Stopper studs on both sides ensure safe walking even if the sock are twisted. The socks are individually packed in pairs.

Composition

Cotton, polyester elastane, polyvinylchloride

Contra-Indications

The product should not be used in the case of a known allergy against the material.

Incident reporting

According to MDR (EU) 2017/745, if serious incidents occur in relation to the device, they must be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.
